“Lone Wolf” Single / Two Officer Active Shooter Response

“Lone Wolf” an aggressive training course designed to prepare officers to effectively respond alone, and in pairs to an active shooter.

The “Lone Wolf” will cover the theories behind life preservation and the one/two officer response to an active shooter. Our Simuntion®-based scenarios will teach students how to apply those theories correctly. Training will emphasize successfully engaging the threat, and how to stop the loss of life.

During this 10 hour course of instruction attendees will learn to:

- Identify current active shooter trends
- Confront the shooter alone if needed
- Communicate and move in pairs if cover officer is present
- Target identification
- Use of force considerations

At the end of this program students will have the knowledge, mindset, and skills necessary to aggressively and safely respond to an active shooter situation alone or in pairs.

“Lone Wolf” Single / Two Officer Active Shooter Response

Be AGGRESSIVE turn the odds in your favor.

Interdict best case scenario time is of the essence.

Interrupt become a game changer and force decisions .

Save lives by your quick and tactically sound response.

This “Lone Wolf” course is being hosted by the Clarksville Police Department on July 6th, 2015.

Cost: \$250.00 per student (CLEET#13-1048)

Space is limited so please register ASAP

Register for “Lone Wolf” & ODEC/MCT for a discounted rate of \$375.00 w / patrol trauma kit

Officer Down / Mass Casualty Triage

Officer Down / Mass Casualty

Officer Down/Mass Casualty Triage Course provides the latest medical training used by the military and law enforcement to treat major bleeding, trauma, and shock in a hostile environment.

Attendees will learn many different methods of gaining control of a traumatic injury. They will also learn to properly evacuate the casualty to a safe location for further treatment or to identify other life threatening emergencies. This course will finalize the process by training to start the vital triaging process in the event of mass casualties.

Law enforcement continues to become more dangerous everyday across the United States, Officers need advanced training to have the skills to make a difference. This course will challenge you mentally, physically and will give you knowledge needed to self-aid and care for others. This course will have hands on exercises and "force on force" scenarios to help students understand the application of methods learned.

Ask yourself this, if you are on a traffic stop, on scene at a domestic and get injured do you know what to do? You respond to a shooting with several casualties who needs to be transported first and why? Emergency Medical Services response is an average of five minutes this is if the scene is safe to provide emergency care. You or someone else can bleed to death in 3-5 minutes get the knowledge and training needed to be the difference and save lives.

Officer Down / Mass Casualty Triage

We gave you the knowledge...
Now, you can put it to use on
the streets!

Filling the void for those who
will be on scene prior to EMS.

Make a difference. The
difference to save yourself, your
partner or your community
when seconds count!

This course is open to Fire/EMS as well and is approved for 8 CE's.
Un armed personnel will learn how to safely and effectively work with
LE within the "warm zone".

Cost: \$150.00 / \$199.00 w/ ODEC patrol trauma kit per student
Please specify if ordering ODEC kit when registering

*Rapid Response to the
Active Shooter*

Active Shooter Instructor Course

This 40 hour course will include both classroom instruction and “reality based” Simunition® training exercises.

- Four to Single Officer Tactics
- Recent History & Trends
- Columbine Debrief
- Platte Canyon Debrief
- Deer Creek Middle Debrief
- Various Manpower Specific Lesson Plans
- Effective Scenario Building
- Instructor Development

Students will participate in roughly twenty five hours of “reality based” rapid deployment scenarios **from a single to a four officer response**. The high stress training will teach students how to recognize and respond to an active shooter, quickly take action to neutralize the threat with any type of manpower, render aid and correctly evacuate injured subjects. Students will spend an additional ten hours of instructor development where they will learn how to maintain an effective active shooter program, lesson plan building, scenario building and student critiquing.

Students will receive a full course package which includes all presentation material, instructor / student manuals, lesson plans, scenarios and access to curriculum updates for a period of 3 years.

This class is being hosted by the Clarksville Police Department July 7th-10th, 2015.

Cost is: \$850.00 per student (agencies are encouraged to send students in pairs)

Registration: Joe Deedon @ joedeedon@taconeconsulting.com or 720.425.5687

CLEET#14-1993

Certification is good for a period of three years
