“Good Medicine in Bad Places”

This Tactical Medic course is instructed by highly trained professionals who are current TEMS providers, Special Forces Medics, Swat Medics and Emergency Medicine Instructors, bring years of experience to the table.

During the five day course you will be tested mentally and physically on the combat medical skills and tactics.

Major areas of emphasis during this 50 hour course of instruction are:

- Pre Planning
- Operator Health
- Remote Assessments
- Tourniquets
- Bleeding Control
- Basic Combat Medicine
- Basic Room Entry / SWAT Tactics
- Mass Casualty / Triaging in the “Warm Zone” for unarmed personnel
- We will also incorporate live fire & Simunition® exercises for armed attendees

This course is continually updated with the latest medical training and methods in tactical pre hospital care and with the focus of (PHTLS) Pre Hospital Trauma Life Support and medical treatment under fire.

50 HR TEMS School

Does your tactical team have four snipers but no CERTIFIED tactical medics? Someone who can render aid during every mission, train patrol for various officer down & mass casualty situations? See any liability issues?

Tactical Medics can help your agency bridge the gap between Law Enforcement and EMS. This is crucial as our officers keep getting fired upon and mass shootings are becoming increasing prevalent.

Let TAC*ONE Consulting help in your efforts to truly prepare your team and agency to better serve your community when the stakes are high and lives depend on your staff!

This course will give you the training needed to provide quality tactical medical support to law enforcement agencies enabling you to bring good medicine to bad places.

This course is accredited by various state P.O.S.T., NMDPS and NMEMSB for 8 CE's and the national tactical medic association
